2. PURPOSE OF A CONFLICT OF INTEREST POLICY

2.1 In terms of the provisions of the Financial Advisory and Intermediary Services Act, 37 of 2002 (FAIS), Quicktrade, must avoid any conflict of interest with the clients and, where such a conflict unavoidably arises, ensure fair treatment to the client by complete disclosure or declining to act.

2.2 Any Quicktrade representative or employee must avoid, and where this is not possible, mitigate any conflict of interest between Quicktrade and a client, or a Quicktrade representative or employee and his, her or its clients.

2.3 Quicktrade and its representatives are committed towards acting within the best interests of our clients and to avoid all conflict of interests in relation to the provision of financial services. Where we are unable to avoid a conflict of interest, we will take all necessary precautions to ensure that any actual or potential conflict of interest is mitigated and adequately disclosed to our clients.

2.4 In order to ensure the continued demonstration of our commitment, management has adopted a Conflict of Interest Policy to provide for the effective management of any actual or potential conflicts of interest that may arise wholly or partially, in relation to the provision of financial services.

2.5 The purpose of the Conflict of Interest Policy is therefore to:

- 2.5.1 establish internal controls and mechanisms towards the identification of conflicts of interest
- 2.5.2 establish measures to avoid conflicts of interest, and where avoidance is not possible, to provide the reasons therefore
- 2.5.3 establish measures to ensure that any unavoidable conflicts of interest are mitigated
- 2.5.4 establish measures to ensure the proper disclosure of any conflicts of interest
- 2.5.5 establish processes, procedures and internal controls to facilitate compliance with the policy
- 2.5.6 communicate the consequences of non-compliance with the policy

3. IDENTIFYING A CONFLICT OF INTEREST

3.1 Individual Identification

3.1.1 The primary responsibility for the identification of a conflict of interest rests with the representative, employees and individual members of the board of directors of Quicktrade.

- 3.1.2 Throughout the process of rendering a financial service to a client, a representative or employee must apply his or her mind to answering the following questions:
- 3.1.2.1 is there any situation that exists that influences the objective performance of my obligations to my client?
 - 3.1.2.2 is there any situation that exists that prevents me from rendering an unbiased and fair financial service to my client?
 - 3.1.2.3 is there any situation that exists that prevents me from acting in the best interest of my client?
- 3.1.3 If the answer to all three questions is “**no**”, then there is no conflict of interest associated with the financial service and the representative or employee may proceed.
- 3.1.4 If the answer to any one of the three questions is “**yes**”, the representative or employee must proceed to answer the following additional questions:
- 3.1.4.1 is the situation caused as a result of an actual or potential relationship with a third party? (see definition of “third party”)
 - 3.1.4.2 is the situation caused by an actual or potential financial or ownership interest? (see definition of “financial interest” and “ownership interest”)
- 3.1.5 If the answer to any one of these questions is “**yes**”, an actual or potential conflict of interest will have been identified.

3.2 Further Guidance on Identifying a Conflict of Interest

- 3.2.1 The definition of a Conflict of Interest incorporates the following terminology:
- 3.2.1.1 “influence the “objective performance” of his, her or its obligations to that client”.
 - 3.2.1.2 “prevent a provider or representative from rendering an “unbiased and fair financial service” to that client”.
 - 3.2.1.3 “including but not limited to a “financial interest””.
- 3.2.2 It is generally understood that the word “objective” refers to a situation where an individual’s personal feelings or opinions are completely removed from the equation. The “objective performance” of Quicktrade or representative and/or employee’s obligations therefore implies a situation where financial services are rendered without any untoward influences.
- 3.2.3 The word “bias” or “biased” is understood to mean a form of prejudice towards a particular person or viewpoint, whereas the word “fair” or “fairness” indicates a situation of just circumstances or being treated on an equal footing. An unbiased financial service therefore implies a financial service that does not lend itself to a particular persuasion, where no reasonable justification for such persuasion can be found. Similarly, a fair financial service implies a situation where the same conclusion or outcome will consistently present itself given the exact same set of circumstances.

3.2.4 Quicktrade will not offer any financial interest to its representatives or employees for:

- 3.2.4.1 giving preference to the quantity of business secured for Quicktrade to the exclusion of the quality of the service rendered to clients; or
- 3.2.4.2 giving preference to a specific product supplier, where a representative may recommend more than one product supplier to a client; or
- 3.2.4.3 giving preference to a specific product of a product supplier, where a representative may recommend more than one product of that product supplier to a client.
